Wanting to add group and team coaching to your mix? Can't make it to

Toronto for the Group and Team Coaching Intensive during the weekend

of Saturday and Sunday November 7th and 8th? Join us for the program

virtually via skype for the two days.

This is NOT a passive streaming opportunity, but an active learning environment, where you will be sitting at the table with us! You'll be

able to participate (actively!) from the comforts of your own home or

office as well as see us. This opportunity is open to 4-5 coaches who love to innovate and be on the cutting edge of learning.

What you'll need:

- A trusted skype connection with video feed. PLEASE check your connection before registering!
- Access to a landline telephone for breakout work
- Ability to close the "Door" and join us real-time from 8:30 am Eastern/Toronto to 4:30 pm Eastern both days.

We'll be breaking for lunch each day at approximately 12 noon and will also take short bio breaks during the two days.

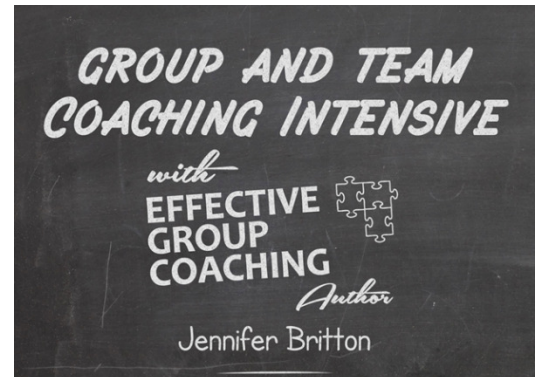

• Prepare as you would for a full day of learning out of the office - bring paper and pen, I'll send you the files which make up the materials. You will want to print these off before joining us. Depending on when you register, I'll also post you a copy of one of my books which you may have in time for the training.

- Masking Tape
- Post it notes, a marker, and some blank paper.
- Patience, troubleshooting and flexibility to navigate any tech challenges that may arise.

I'll meet with you before November 1st to walk you through everything you need technologically and to confirm what to do in the event of technology challenges.

What we cover during the Team and Group Coaching Intensive

This two day program provides you with **ideas, tools and actionable tips** for your group and team coaching programs.

You'll be joining a small group of other coaches who will be meeting with me in downtown Toronto at a hotel and a handful of other virtual learning participants. Our group size will be capped at 8-10 coaches (live and virtual). Over the two days we'll be moving through large group dialogue, small group dialogue and actual facilitation opportunities, including having you lead us through an activity from your location. Visit **GroupCoachingIntensive.com** for more info and check out the page on 15 plus things you'll learn.

Here's a list of some of the topics covered throughout the two days:

- What is Group Coaching? Team Coaching?
- How do team and group coaching differ?
- The Continuum of Small Group Process
 - Workshops/Facilitation/Group Coaching
- Core Skills and Best Practices for Group Coaching –
- Group Dynamics and Group Development
- Experiential Education Cycle
- Practice – Core Skills/Powerful Questions/Opening and Closing Sessions
- Structuring a Group Coaching Session
- Creating Your Vision for Group Coaching
- Implementation Issues – Logistics, Pre-program, post-program
- Phone and Virtual Program Delivery Best Practices
- Exercises and Resources for Group Coaching
- Actions, Assignments and Accountability
- Marketing Your Group Coaching Programs
- Corporate Group and Team Coaching Considerations
- Group Coach Learning Points
- Tricky Issues: Difficult Participants
- Evaluating Your Programs
- Next Steps – Taking Your Learning Forward and Creating Your Own Accountability

How it will work -

Your main platform will be on skype. You'll see the training room and be able to hear us. You will also see other virtual coaches joining on the group skype. You'll also be heard and will join us around the table.

When we go to breakouts in the main live room, you'll join others as well - sometimes connecting with others on group skype other times with groups face to face. It's a great way to explore technology and different platforms!

If you've always wanted to innovate around learning, join us on the cutting edge next weekend as we evolve our own best practices around live and virtual training events.

For those that are ICF credentialed, or are working towards it, this program is approved for 19 CCEs including 15 hours of core competencies!

Virtual Registration Rate: \$1045 US (Regular cost \$1095 CDN plus HST)
